

Accounting Manager

Raptor Scientific, a Global Aerospace & Defense Test and Measurement Company, is seeking a motivated individual looking to grow their career and join our team. The primary focus of this role is ensuring the integrity and accuracy of the financial statements and the oversight of controls over financial reporting – all to be in accordance with GAAP, FASB Pronouncements, IFRS, SOX, CAS, and Corporate/Segment policies, procedures, etc. The primary responsibility is reporting accurate financial reports on a timely basis to both internal and external customers. The Accounting Manager will support the maintenance of the existing ERP and MRP systems and is also responsible for identifying and researching applicable operational/financial issues and effectively applying knowledge of company operations to period-end financial matters. This position works closely with the CFO and will be expected to perform semiannual rate calculations in accordance with CAS and FAR guidance and prepare final incurred cost proposals for annual submission to DCAA.

As part of the Raptor Scientific Family, The RF Systems (RFS) group specializes in radar cross section (RCS) measurements and is constantly innovating to produce next generation radar systems. RFS has a multifaceted team that develops cutting edge measurement systems in support of the Aerospace and Defense industry. Our team is focused on customer needs and providing full spectrum support including engineering, field measurement, software development and manufacturing.

We are conveniently located off 580 and Greenville providing easy access to South Bay and Valley commuters. You can learn more about our company by visiting our website at: [Global Provider of Test & Measurement Solutions | Raptor Scientific \(raptor-scientific.com\)](http://Global Provider of Test & Measurement Solutions | Raptor Scientific (raptor-scientific.com)) The full-time hours for this position are Monday through Thursday, 7:30 a.m.–5:00 p.m. and every other Friday 7:30 a.m. - 4:00 p.m. Full benefits package available after 90 days.

RESPONSIBILITIES

- Oversee and manage general and cost accounting functions, including, but not limited to: accounts payable, accounts receivable, manufacturing costing, general ledger, and taxes
- Support quarterly and year-end financial audit activities and the annual corporate financial controls audit
